

City 2012

2 – 4 April

Cardiology in the Young 2012

Course Directors: Dr Jan Marek & Professor Andrew Taylor

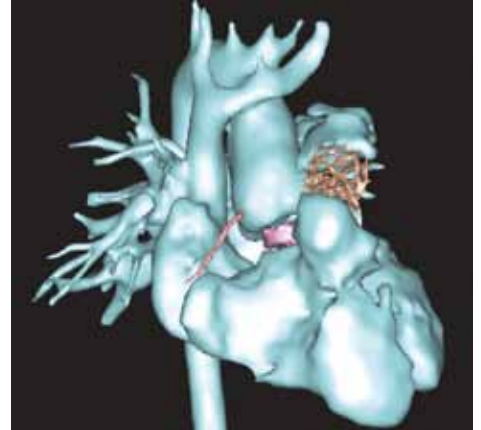

Cardiology in the Young is the Great Ormond Street Hospital Cardiac Unit's flagship annual international paediatric cardiac conference. Lecture-based, the conference is attended by paediatric cardiologists, surgeons, nurses, intensivists, anaesthesiologists, paediatricians, sonographers, perfusionists and all those involved in the care of neonates, children and young adults with cardiovascular disease from centres around the world.

Topics:

- **Topic of Day One:** Treating an Asymptomatic Patient
- **Topic of Day Two:** The Small Left Ventricle
- **Topic of Day Three:** The Failing Heart
- Prevention and cardiac performance in children
- Modelling the Heart
- What's New
- Hypertrophic Cardiomyopathy
- Jeopardy Session: Best Choice Treatment

Breakfast Sessions:

- 3D Echocardiography datasets manipulation
- MRI Segmentation
- NIRS
- Cardiac Anatomy Demonstration
- Mechanical support devices

Paediatric Cardiac Nurses Days

Tuesday 3rd and
Wednesday 4th April 2012

Organised by the Great Ormond Street Hospital and The Heart Hospital, London, UK

The nurses' days will be held on the 3rd & 4th April 2012 and will aim to meet some of the educational, development, and futuristic needs of the paediatric cardiac nurse from a variety of multi-professional speakers.

Topics:

- Anatomy and physiology of congenital heart defects
- Advancing Practice in congenital heart disease
- Discussion and decision making groups and voting for the best congenital heart disease practice
- ECGs – what does that line tell us?
- Nutritional aims
- ACHD, Congenital heart disease, paediatric to adult care
- Practical workshops
