Helsinki, April 29, 2007

Dear AEPC members,

AEPC Annual Meeting in Warsaw takes place in 3 weeks. There still is a possibility to register. The program is really good and gives you an excellent update of new developments in Paediatric Cardiology.

The meeting starts with a Teaching Course organized by the GUCH Task Force. As you well know, a majority of patients with congenital heart disease are now adolescents and adults. Their number is increasing. GUCH patients have their own problems that got to be dealt with. The teaching course gives you an excellent opportunity to update your knowledge on specific GUCH problems.

Please visit <http://www.aepec2007.pl/> for more details about the program.

The Business meeting of AEPC is due in Aula A on Thursday May 17, 2007 at 17.45. Attached please find the Minutes of Business Meeting in Basel 2006 and Agenda for Business Meeting in Warsaw in 2007.

Looking forward to see you in Warsaw!

Eero Jokinen
AEPC Secretary-General
Associate Professor in Pediatric Cardiology
Head, Pediatrics and Pediatric Cardiology
Hospital for Children and Adolescents
