**Dear WG Cardiovascular Morphology members,**  
AEPC Annual Meeting in Innsbruck is due in two weeks time.

Please, remember our involvement at the meeting which I have summarized in one of the attached file. The Business meeting of AEPC is due in SAAL Tirol on Thursday May 27, 2010 at 18.00.

Please, also find attached: the Minute of Business Meeting of our WG in Venice 2008 and the report from last year World Congress; the **Agenda for WG Business Meeting in Innsbruck 2010**, which will take place in **SAAL Aalborg. Our WG session on Update of Pulmonary Hypertension** will be held in **Hall Brussel. A key note lecture** has been assigned to **Adriana C. Gittenberger-de Groot, Leiden, NL**, who is retiring, on **New insights in heart development: the role of the second heart field**. The Anatomical exhibition and demonstration will take place at 12.30-15.30 and will be run by **Adriana C. Gittenberger-de Groot, Leiden, NL** on **Sequential Segmental Analysis and TGA, ccTGA & DORV and Siew Yen Ho** on **HLHS, VSDs, Fallot**. Points of discussion at the business Meeting will be how to attract junior members to our WG, the Society request of morphology basic teaching courses and the future planning. If you are not planning to attend the meeting, please, send me your suggestions also for future topics to be covered at next meetings

Looking forward to see you in Innsbruck  
Best wishes

*Annalisa Angelini*
