II - TECHNICAL SKILLS : MANDATORY

Test (Target N°)	1st year	2nd year	3rd year	Total
Surface ECG at rest (1000)				
24 hours tapes (Holter) (100)				
Echocardiography :				
" transthoracic (1000)				
" transoesophageal				
" participating in fetal echo				
Exercise testing (40) :				
" treadmill				
" bicycle				
Interpretations of chest X-rays (200)				
Cardiovascular MRI or CT: participating in their interpretation (20)				
Cardiac catheterisation :				
" diagnostic (100)				
" assistance in therapeutic interventions (25)				
DC cardioversions (20)				
Patient care :				
" inpatients for whom the trainee is responsible (300)				
" outpatients followed by the trainee (1150)				
" Intensive Care patients followed
